

# PVC-U and Timber Windows and Doors

1ST AUGUST 2022 – 31ST JULY 2026

WD2 Framework Guide

CPC was created out of a long-running partnership between the Northern Housing Consortium and LHC, born out of each organisation's passion to improve standards of homes and buildings, delivering real social value to our local communities, through excellence in procurement.

Working together we now offer advice, support and guidance to all public sector organisations across the North and the Midlands providing access to LHC's suite

of framework solutions, which are built on more than 50 years of public sector construction procurement expertise and knowhow. This means no matter how large or small your scope of work requirements are, you will have peace of mind that our extensive range of pre-approved suppliers will deliver your project on time, on budget and to the agreed quality standards.

 Consortium Procurement Construction

## ABOUT THIS FRAMEWORK

CN 2021/S 000-028428, CAN 2022/S 000-020415

This CPC framework has been developed to provide an efficient, value for money procurement route for local authorities, social landlords and other public sector bodies for the manufacture, supply and installation of PVC-U windows and doors, timber windows and doors and aluminium clad timber windows.

This framework agreement can be used for work in all types of public buildings and buildings managed using public funding including but not limited to:

### Residential

- Managed residential blocks
- Single occupier and multiple occupier dwellings – houses, flats, and residential including those requiring mobility solutions
- Common areas of residential blocks
- Low, medium and high-rise residential homes

The tender was carried out in strict accordance with the UK public sector procurement rules.

Places on the framework were awarded to seven different suppliers in three workstreams and across 18 regional lots.

The term of the framework is from **1st August 2022 to 31st July 2026**. However, individual call-off projects can be completed beyond the four-year duration of the framework as long as a contract is in place prior to the framework expiry date.

### LHC Lifetime Values

In addition to providing our partners with competitively tendered Framework Agreements for building works, goods, and services CPC is committed to delivering tangible social value and community benefits that meet local and regional needs. CPC work with our partners and appointed companies to ensure that wherever possible projects delivered using our Frameworks leave a social legacy.

CPC has aligned its activities to create the LHC Lifetime Values, which uses the four key value categories as identified in the value toolkit by the Construction Innovation Hub (CIH). CIH has been established by Government to progress innovation in the construction sector.

During the life of the Framework CPC will work with partners and appointed companies to promote, identify, implement, and monitor the impact of these value categories, which could be supported by social value and community benefit initiatives alongside the delivery of the works or service contracts in meeting local/regional needs.

### Non Residential

- Care homes and sheltered accommodation
- Commercial office buildings, central or local housing team offices, halls and day care centres
- Municipal buildings such as libraries, sports halls, museums etc
- Other public buildings such as conference centres and other commercial buildings
- Educational buildings such as universities, schools, colleges and nurseries
- Research establishments
- Hospitals / hospital-related properties, health centres and GP surgeries
- Emergency services buildings

## ABOUT THIS FRAMEWORK

### WORKSTREAM OPTIONS

#### Workstream 1 (U11) – Manufacture, supply and installation of PVC-U Windows and Doors

Covers the design, supply, installation of new PVC-U windows and doors and removal and replacement of old windows and doors for all types of public sector projects.

#### Workstream 2 (T5 WS1) – Manufacture, supply and installation of Timber Windows and Doors

Covers the design, supply, installation of new timber windows and doors and removal and replacement of old windows and doors for all types of public sector projects.

#### Workstream 3 (T5 WS2) – Manufacture, supply and installation of Aluminium Clad Windows and Doors

Covers the design, supply, installation of new aluminium clad timber windows and removal and replacement of old windows for all types of public sector projects.

Note: This framework is based on supply and install workstreams with a supply only option built into the specification should a client wish.

## SPECIFICATION

All services and works are provided in compliance with the current relevant Building Regulations for England, British/European Standards and are certified to PAS 24 Enhanced Security and accredited to Secured by Design where required.

All products are UKCA marked (CE mark accepted to 31st December 2022) in accordance with the Construction Products Regulations where relevant. Appointed Companies are members of various certification bodies and Trade Associations such as FENSA, GGF, CERTASS as approved by the DLUHC and UKAS accredited.

\*All using wholly or partially recycled materials, sustainably sourced.

\*\*All manufactured from certified sustainably sourced materials in compliance with EU timber regulations

## SERVICES

- Develop client brief
- Survey / design
- Technical design advice (product/planning/regulation)
- Production of design drawings for planning / approvals
- Provision of samples /resident choice exercises
- Full installation service to BS 8213-4 guidelines
- Provision of guarantees / warranties
- After sales service / KPI development

## PRODUCT WARRANTIES

ITEM	MINIMUM WARRANTY
Door leaf, frame, glazing	10 years – 25 years (lot dependant)
Locks, gaskets, weatherproofing	5 years
Vandal resistant products	5 years
Paints and stain finishes	3 years
General hardware items	2 years
Spare parts availability (from date of discontinuation)	5 years

# EVALUATION

## CRITERIA

A single stage open tender process was used.

The following qualification criteria were used to assess the suitability of applicants:

### Financial Due Diligence

Applicants were assessed on their turnover and checked via Credit Safe. The results of this check were assessed on a pass/fail basis.

In addition to the financial stability assessment, the minimum average annual turnover requirement for each value workstream, over 4 years, is £350,000.

### Accreditations and Certifications

Applicants provided evidence they have in place the relevant **health and safety, environmental, equality and quality systems** listed below to be considered eligible for the Framework.

#### Environmental Management

UKAS (or equivalent) accredited independent third-party certificate of compliance with BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate.

#### Health and Safety

The applicant must hold a UKAS (or equivalent), accredited independent third party certificate of compliance in accordance with ISO 45001 (or equivalent) or have, within the last 12 months, successfully met the assessment requirements of a construction-related scheme in registered membership of the Safety Schemes in Procurement (SSIP) forum.

#### Quality Management

UKAS (or equivalent) accredited independent third-party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent).

#### Compliance with Equality Act 2010

Applicants were required to evidence through several confirmatory statements that they are compliant with the Equality Act 2010 and have robust measures in place to promote equality and diversity within their organisation.

### Minimum Insurance Cover

Throughout the duration of the framework applicants are required to have the minimum levels of insurance as set out in the table below.

Applicable to all Workstreams	
Employers Liability Insurance	£5,000,000
Public Liability Insurance	£5,000,000
Professional Indemnity Insurance	£1,000,000
Product Liability Insurance	£2,000,000

## CALL-OFF AWARD OPTION

### THE FRAMEWORK ALLOWS PARTNERS THE OPTION OF:

When calling off projects, clients can use any one of a range of standard forms of building contract including JCT/SBCC, NEC/NEC4, ACE, PPC, TPC, FAC1, or their own in-house agreement.

### ELIGIBILITY

CPC is a not-for-profit organisation, governed by public law and a central purchasing body providing procurement services. Over 200 publicly funded organisations throughout England use CPC frameworks to procure works, goods and services to construct, refurbish and maintain social housing, schools and public buildings:

- Local Authorities and any subsidiaries and joint-venture vehicles of those Local Authorities.

- Registered Social Landlords (RSL), Tenant Management Organisations (TMOs) & Arm's Length Management Organisations (ALMOs)
- Registered Charities
- Publicly Funded Schools
- Universities and Further Education Establishments
- Colleges
- Police Forces
- Fire and Rescue services
- Health Authorities, Councils, Boards and Trusts

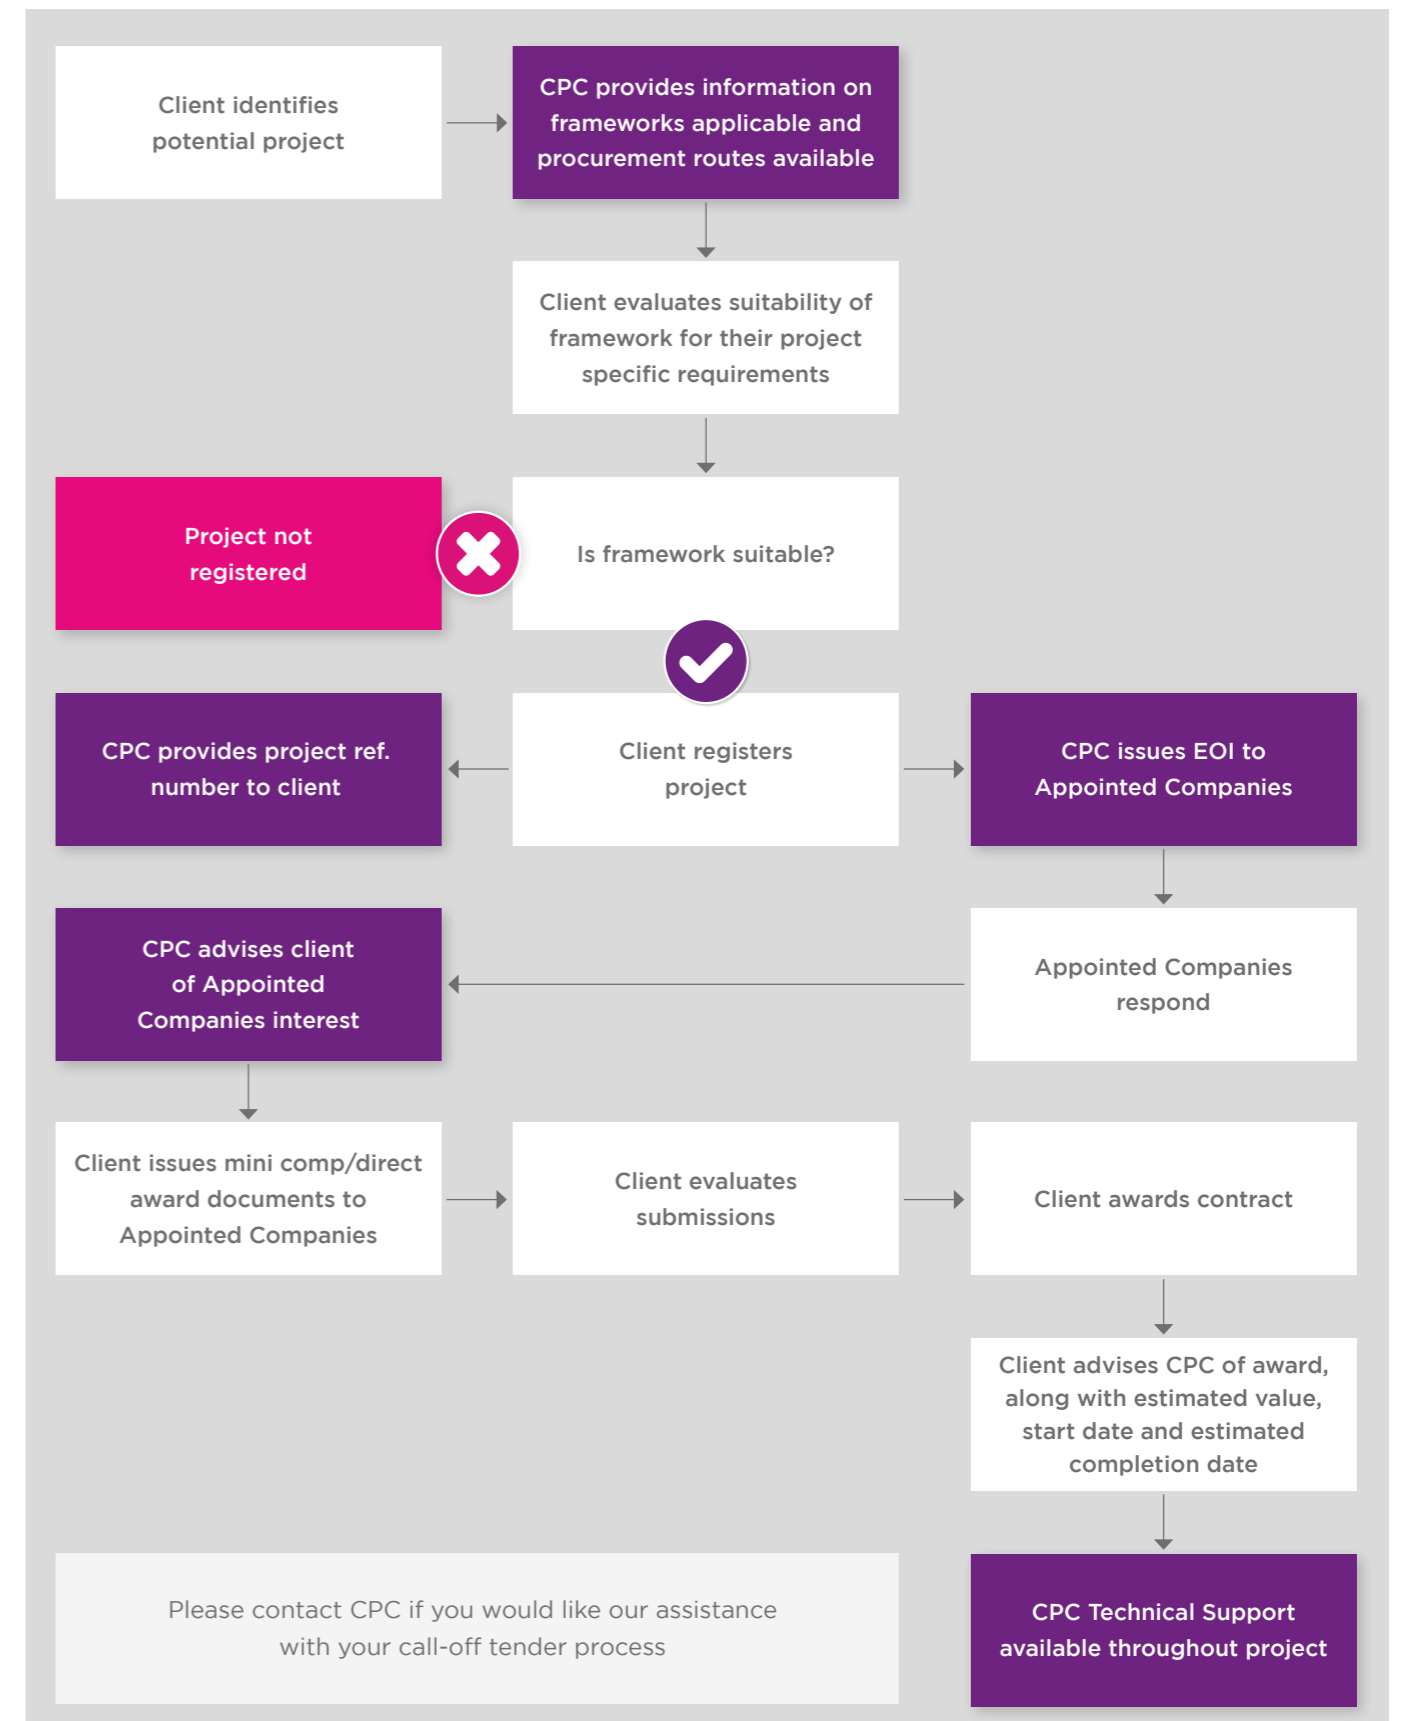

Details of those contracting authorities identified are listed at:  
[www.cpconstruction.org.uk/who-we-work-with/](http://www.cpconstruction.org.uk/who-we-work-with/)

### GENERAL TERMS AND CONDITIONS

LHC uses the FAC-1 standard form of contract to manage our frameworks. The LHC pro forma, which should be read in conjunction with the FAC-1 in published form, details the terms and conditions that govern the operation of the framework, including the procedures to call off projects under

the framework. A free copy of the LHC proforma is available upon request. The FAC-1 in standard published form can be purchased at a negotiated rate from ACA, by emailing [office@acarchitects.co.uk](mailto:office@acarchitects.co.uk) and quoting discount code reference: LHCFAC2516102017.

## THE PROCESS OF USING OUR FRAMEWORK

In association with:

Trusted procurement for  
better buildings and homes
